

The Phoenix

Volume 1

Number 1-1

Since my Dec/Jan Edition of “the Canadian Rover, EH!” arrived, I would hope that all of you who were subscribers received your copies as well. My editorial expressed my reasons for ‘closing down the shop’, but I still feel guilty about it. While Scouts Canada **DID** interfere, they did not ultimately make the decision to stop printing, I did. I don’t believe in censorship, no matter how benign, and I felt I just couldn’t work that way.

Since I still have this feeling of guilt for abandoning the Rover Community and leaving you without a printed forum, I felt that the least I could do would be to pass along information on activities, training and the like.

I’m still a neophyte when it comes to creating small files for the web, so you’ll be getting multiple mailings to cover any particular batch of notices I have on hand.

Let’s see how this works out. I’m open to suggestions on how to do a better job, and am willing to work with anyone who would like to be the “web master” for this new effort.

Stan Kowalski Jr. — Ye Olde Editor
